

Cancer Insurance

FINANCIAL PROTECTION FOR WHAT MATTERS MOST – YOUR LOVED ONES

KNOW THE FACTS:

- Only 40% of the overall medical cost of cancer is for direct expenses, while 60% of cancer treatment costs are indirect medical costs.^{1*}

¹American Cancer Society: Cancer Facts and Figures 2014, pg. 3

*Examples of direct expenses are copayments, treatments, screenings, etc. Examples of indirect expenses are lost income, travel, meals, lodging, etc.

Why You Need Cancer Insurance

A cancer diagnosis can change your life, and the expenses associated with it can be overwhelming. Out-of-pocket costs such as mortgages, car payments, travel, and lodging can be expensive.

With **Limited Benefit Cancer Insurance** from American Fidelity Assurance Company (American Fidelity), you may receive benefits to help ease your financial responsibilities and allow you to focus on your treatment and recovery. The plan is specially designed to help with a portion of the costs associated with cancer, with more than 25 plan benefits available for treatment.

How It Helps

- **Screenings for Early Detection.** Screenings can help detect cancer earlier, which could increase your survival rate if you were to be diagnosed with the disease. The plan may help cover the cost of these all-important screenings, giving you the early detection that can be so critical when fighting the illness.
- **Manage the Expenses of Treatment.** Benefit payments are made directly to you. The money may be used to help pay for out-of-pocket expenses such as copayments, hospital stays, lost income, and more.
- **Financial Protection for You and Your Family.** With three coverage options to choose from and multiple benefits available, the plan may help put your mind at ease.

Will you be able to afford the out-of-pocket expenses if cancer touches someone in your family? American Fidelity's Cancer Insurance can help.
